

Chairlift Safety Precautions

All guests accessing the chairlift for bike park or lift ride access must adhere to the following guidelines:

- **Facemasks must be worn in lift line and when loading/unloading the chairlift** (a full-face helmet does not qualify as an approved face covering)
- A maximum of **2 bikes** will be loaded on the chairlift
- Helmets are required for all mountain bikers
- Bikes are required to have: Front suspension, disc brakes, ability to lower saddle
- Fat bikes with tires over 3.8" cannot be used with our lift carriers
- Carrying of bikes is not permitted.
- Gloves must be worn while on the chairlift
- Guests should sit in the outside seats on the chair
- **The restraint bar must be used for the entire lift ride**
- Guests should only ride the chair with those they arrived with.
- Operators will unload bikes at top of lift and place in rack. Please maintain at least 6' of distance from operators at unloading area.
- Please exit the unloading deck promptly after retrieving bike
- Last chair up is 15 minutes prior to bike park closing time.

These guidelines are in place for everyone's safety. Failure to follow them will result in loss of access privileges for the day. If you are not comfortable following these guidelines, please stay home.

Be cool, be safe!

LOAD 2 BIKES ONLY,
USE THE RIGHT 2 TRAYS

DO NOT SIT IN THE CHAIR
DIRECTLY AFTER THE BIKES

RESTRAINT BAR MUST BE
LOWERED
