READER SURVEY

SAM (Ski Area Management) magazine has been the voice of the mountain resort industry since 1962. Mountain resorts do more than offer skiing and snowboarding: they are a complex mix of year-round businesses and operations that cater to the recreational and leisure needs of guests from near and far. Resorts range in size from small community facilities to huge destination resort communities—all of which require a variety of products and services for every aspect of their operations.

SAM readers are key decision-makers and influencers in this market. They use our magazine, online channels, and events to gain knowledge that will help them, and their operations, be more successful. We take great pride in our role as the industry's most trusted resource, and our advertising partners have benefitted from the exposure this position yields for decades. It will be my pleasure to explore with you the many ways *SAM* can help your business thrive.
